

Bishop's Waltham Junior School

Spiritual Moral Social and Cultural POLICY

Introduction

Bishop's Waltham Junior school recognises that the personal development of pupils, spiritually, morally, socially and culturally, plays a significant part in their ability to learn and achieve.

We therefore aim to provide an education that provides pupils with opportunities to explore and develop

- their own values and beliefs
- spiritual awareness
- high standards of personal behaviour
- a positive caring attitude towards other people
- an understanding of their social and cultural traditions
- an appreciation of the diversity and richness of other cultures.

This is a whole school issue.

All curriculum areas have a contribution to make to the child's spiritual, moral, social and cultural development and opportunities for this will be planned in each area of the curriculum.

The integrity and spirituality of pupils from all faith backgrounds will be respected and explored. The diversity of spiritual traditions will be recognised, and pupils will be given access to alternative views.

All adults will model and promote expected behaviour, treating all people as unique and valuable individuals and showing respect for pupils and their families.

The school community will be a place where pupils can find acceptance for themselves as unique individuals, and where forgiveness and the opportunity to start again is fundamental to the ethos of the school.

Pupils should learn to differentiate between right and wrong in as far as their actions affect other people. They will be encouraged to value themselves and others.

Pupils should understand the need for rules and the need to abide by rules for the good of everyone. School and classroom rules should reflect, reiterate, promote and reward acceptable behaviour and provide opportunities to celebrate pupils' work and achievements.

All curriculum areas should seek to use illustrations and examples drawn from as wide a range of cultural contexts as possible. This will be reflected in teacher's planning and purchasing decisions.

Links with the wider community

Visitors are welcomed into school.

Links with the Church are fostered through links with the local churches.

The development of a strong home-school link is regarded as very important, enabling parents and teachers to work in an effective partnership to support the pupil.

Pupils will be taught to appreciate their local environment and to develop a sense of responsibility to it.

The school supports a variety of charities.

Liaison with local secondary and Infant schools to support the primary curriculum and transition.

Monitoring and Evaluation

Provision for SMSC is monitored and reviewed on a regular basis.

This is achieved by:

- Curriculum Coordinators identify aspects within their subjects to be included in teacher planning. Coordinators monitor teacher plans and their evaluations and assessments.
- Coordinators will monitor resource provision, identifying shortfalls.
- The Head Teacher shall have oversight of this policy and monitor the provision of SMSC.
- There is a designated governor who will be invited to be involved in SMSC development throughout the school
